EXPERIENCE

- Jun 2024 – Present **Full-Stack Developer** *Remote – PrescientAI*
Optimized the entire frontend codebase to result in 3x faster ci workflow. Led several projects in a rapidly growing product, including authentication, Slack integration, and GraphQL. During my time, PrescientAI saw rapid growth, and more than doubled in valuation.
`react / ruby on rails / postgres / graphql`
- May – Aug 2023 **Full-Stack Intern** *Remote – PrescientAI*
Created backend endpoints, automated background jobs, routes, and database structures for a professional SaaS product using React and Ruby on Rails. Designed and implemented intuitive and beautiful front-end interfaces. Tested and pushed multiple features to production in an agile development workflow.
`react / ruby on rails / postgres`
- Aug 2021 – Feb 2022 **Coding Instructor** *Remote – Juni Learning*
Taught middle school and high school students coding skills, such as Java, according to Juni curriculum. Conveyed complex programming concepts in simple, easy to understand ways to students. Quickly adapted to and became proficient with unfamiliar curriculum material.
`java / python`

PERSONAL PROJECTS

- 2023 **Art website** *[Live Link](#) - [Github](#)*
Fully responsive website for showcasing my illustration hobby. Utilizes many custom interactive components in React, such as drawers, menus, animations created with Framer Motion, and carousels, all while maintaining high speed and accessibility.
`next.js / tailwindCSS / swiper.js / cloudinary`
- 2023 **Font Randomizer** *[Live Link](#) - [Github](#)*
Created a VSCode extension which randomizes the client's editor font upon application startup and at set regular intervals. Recieved positive reviews and 100s of downloads.
`typescript`

EDUCATION

- 2020 – 2024 **Bachelor of Science, Computer Science** *Brandeis University*
3.84 GPA
Justice Brandeis Scholarship recipient. Dean's list student.

LANGUAGES

English - native
Japanese - fluent (JLPT N1 certified)
Hebrew - proficient
Chinese (Mandarin) - elementary

HOBBIES

When I'm not coding, I love drawing, skiing, and learning new languages.

ACCOMPLISHMENTS

DeisHacks 2024 Winner - Best Marketing Hack
Brandeis Orthodox Minyan - Lead Religious Services Coordinator
